

May 5, 2021

To All Supporters,

This is the time of year West Park School together with Blue Sky would be hosting the annual Cleanathon. For 31 years, this has been a collaboration that benefits the entire community. The Town of Altona gets its annual spring clean up, grade 4 students tour and learn about Blue Sky, plus begin to learn about being a responsible contributing member of our community through their clean up efforts and fundraising for Blue Sky. This have become our largest annual fundraiser, having raised over \$435,000 since its inception!

Unfortunately, due to Covid, we have needed to post pone our efforts for the second consecutive year. Last year we were fortunate to have Friesens and their employee owners take on the task of cleaning the community, and help Blue Sky raise funds.

This year we are pleased to have the combined efforts of the Altona Bergthaler, E.M.M.C., and South Park MB youth groups work together to coordinate the community clean up. Blue Sky is very appreciative of the efforts these youth groups, as well as the Town of Altona, in their collaboration to initiate these efforts. Town staff will be picking up the collected waste and recyclables and handling the disposal of these goods.

Blue Sky has had limited opportunities to host our annual fundraisers for the past 2 years. Your supports through donating to this worthy cause will assist us in raising funds for to improve our e-waste systems with the purchase of a c-can storage unit. This purchase will facilitate our ability to become a registered electronic waste drop off site.

Blue Sky is extremely thankful of your continued support!

Sincerely,

Richard Neufeld
General Manager
Blue Sky Opportunities Inc.
